📍 Amsterdam, NL

🌐 [/in/georgelaliashvili](https://www.linkedin.com/in/georgelaliashvili)

12 years in product across B2B and B2C SaaS, including founding and scaling a productivity browser to 120K users. I work problem-first, diagnose with data, and prioritize compounding outcomes over activities.

I build AI products inside financial regulation, treating MiFID II and GDPR as design inputs rather than a last-minute veto.

Recent Experience

Senior Product Manager @ BUX

May 2026 - Present

- PM for BUX Investing and AI products.
- Leading AI initiatives, both user-facing and internal.
- Aligning engineering, design, data, and compliance in a regulated fintech environment.
- Co-leading the transition of BUX from an Investing to a Wealth Building app.

Senior Product Manager @ Scaler

Oct 2024 - May 2026

- Led data collection and analytics product teams.
- Worked closely with high-impact clients to translate critical ESG reporting needs into product outcomes.
- Built scalable solutions to strengthen regulatory compliance across multi-regional portfolios.

Product Manager @ Buynomics

Oct 2023 - Oct 2024

- Designed and launched a goal-based pricing simulation tool helping customers hit business KPIs.
- Built a pricing simulation changelog enabling efficient collaboration across multi-account clients.
- Enhanced platform architecture with new internal admin system, data hierarchy, and user management.

Founder & Head of Product → CEO @ Stack

May 2018 - Oct 2023

- Launched and generated \$120K in the first 3 months.
- Grew user base 3x through PLG, network effect, and social features (shared workspaces).
- Led technical migration from ElectronJS to Chromium.
- Increased activation rate by 40% through A/B testing and UX experimentation.

Product Owner → Senior PM @ GITA

Jan 2016 - May 2018

- Built international mentor network connecting founders with domain experts.
- Designed and ran a pre-acceleration program; 8 of 30 companies raised \$4.3M post-program.
- Led projects and programs facilitating direct foreign investments in local tech scale-ups.

Head of Product @ NextMart

May 2014 - Jan 2016

- Transitioned business from hardware to mobile marketplace app.
- Established 42 B2B partnerships, scaled shoppers from 100 to 7K in 8 months.

Education

BSc. Physics @ Tbilisi State University

Georgia, 2007 - 2011
